## Getting Around in the Recipe System Editor: Control Panel View

[Previous](#) | [Next](#)

### Control Panel View

Users can manage Recipe Systems, media, and user accounts from the Control Panel View. Access the Control Panel from **GO>Control Panel** menu or use **CTRL+1** from your keypad. **Note:** Access to Recipe System management, media, and security will vary depending on the security rights of the user. For more information on user security, [click here](#).
